QUALITY SINCE 1936

# WS920 SELF PROPELLED BRUSH SHREDDER

## FEATURES

- Self-propelled with front feed eliminates driving over the brush
- Soft starting hydraulically actuated clutch
- Quieter cab with mechanical suspension seat
- Pivoting bogie rollers provide smoother ride
- Friction drive track system for increased life
- Increased fuel capacity
- 1/2" shatter resistant windows
- Slide out tool drawer and batteries
- Hydrostatic drive for smooth variable speed control
- Easily replaceable shredding hammers with carbide tips
- Larger cooling package with reversing fan and swing open heat exchangers
- Rubber track drive allows continuous operation in all weather conditions
- Low ground compaction – less than 8 lbs per square inch
- Updated display and controls integrated into the armrest
- Turn signals and flashers for improved road safety
